6. **MATTERS ARISING: -**

Eardisley Surgery – serious concerns remain. CQC involved 2 days a week to help bring about improvements.
Nothing heard since public meeting; surgery still advertising for volunteers for the PPG. Clerk to contact Roger Phillips.
7. **TRAFFIC/HIGHWAYS: -**

A community led traffic group involving all 3 parishes as each village has particular traffic issues. Mr. J Wyatt has agreed to be the PC member of this group. Hopefully to be set up after the January PC meeting when Lynda Wilcox will talk about PC working groups etc. in relation to NPs.
8. **NEIGHBOURHOOD PLAN: -**

Since the September PC meeting the Steering Group has:
Completed the usual monthly activities; stayed in touch with grant funders.
Stayed in communication with RBS re Old Sawmills site in Eardisley; they are now working to our criteria within the period of the Plan. Negotiations are in progress but stalled because their technical investigations and financial scenarios are not yet complete.
Also, HC Highways is not able (lack of funding) to prepare a report on the viability of the current access to the Old Sawmills site. The PC is finding an independent Highways Consultant to inspect and report

(Eardisley, Winforton, Whitney-on-Wye)

on the access. This report, which is necessary to determine whether the site is developed with one or two roads, will be approved by HC.

Stayed in touch with HC adviser Gemma Webster while the toughened SEA and HRA reports were completed. The SEA is 170 pages!!

Worked with James Latham (HC technician) to prepare draft maps for the First Draft.

Written rationales for several policies in the Plan, housing numbers, employment land and the RBS site. Bill Davies is writing statements outlining the character of each village and the Eardisley Conservation Area, to guide future developers and limit damage.

Completed many technical jobs necessary before and during the Reg 14 Consultation, e.g. paper copies of the Draft, reply sheets, posters, etc; submitting docs to HC; contacting stakeholders.

Completed the Reg 14 Consultation (17.11.14). Received and processed feedback from residents and stakeholders. Slight changes in wording will be made to increase clarity, based on helpful comments. No substantive change. Also there will be changes to: -

- the wording of the Old Sawmills site policy for the Submission Plan,
- the Whitney housing policy – settlement frontage
- and, official Submission maps - to reflect policy changes and show all constraints – will be completed by HC and inserted into the Submission Plan

Three other statutory submission documents are being prepared now: Statement of Conditions which shows how every line of every policy delivers against the NPPF; Evidence Statement; Consultation Statement.

The timescale for Plan completion is now late February or early March because we are not allowed to submit the Plan to HC before the Core strategy is in place – expected in January. Once we submit, things should go quickly.

9. **LOCAL HOUSING NEED:** - Ms N James explained that PC may be consulted on suitable tenants for Housing Association properties – a need for PC members to be aware of anyone looking for a property to rent and empty properties within group. There will need to be a mechanism within the PC to ensure that available local housing is allocated to local people.
- 10 **LENGTHSMAN SCHEME:** - Clerk outlined the proposed new scheme for 2015/16 – more details available in New Year.
- 11 **GREAT OAK:** - Balfour Beatty has dealt with the damaged branches of the tree and will carry out regular checks in future.
