6. NEIGHBOURHOOD PLAN: - Report from Ms N James

The Neighbourhood Planning Team at Herefordshire Council has taken on the responsibility for the next stages of the Plan.

- Sam Banks and Andrew Ashcroft have signed off the Plan to go for Independent Examination.
- Gemma Webster, our former Team adviser is coming back from maternity leave and will see the Plan through the examination. Good news.
- Sam has asked NPIERS to recommend examiners with experience of rural and flooding issues. She has received 3 CVs, one of which is much more appropriate than the others. Sam recommends strongly that the PC goes with this recommendation and wants to move fast because other parishes will be trying to get this examiner too.
- It is expected that the Core Strategy will go to Council in October or November.
- Sam Banks recommends that she and Gemma meet the Environment Agency to provide further evidence of our compliance with EA requirements – to address their objection to the Plan at Reg 16. Bill Blossome (planner) has submitted a document to Sam proposing small changes in Plan policy wordings to assure the EA the Plan really is compliant. He will go to the meeting too.
- Any evidence, proposed changes to words, or other agreements coming out of the meeting with the EA will go directly to the examiner. We cannot make any more changes in the Plan.

In the meantime, the RBS has made a planning application for the Old Sawmills site. There is pressure on RBS to get rid of property fast in preparation for the sale of the Bank announced by Mr Osborne.

The application could have been for anything..... But they stuck to what they have been saying recently, that they would try to work with the Plan.

This application complies very well with the conditions laid down in Plan policy MD1 for the development of that site – some things aren't quite right but there's nothing that cannot be sorted out.

What happens next is very important. If the application does not succeed, RBS will have to dump the site. It shouldn't be hard for the committee to pass a mixed use proposal for a brown field site.

BUT

The EA has objected to the application. What is needed is strong support, based on the terms in the NP –

- the planning officer's report
- our ward member's statement at committee (plus encouraging other members)
- representations, especially from the PC

From now on, it's the Plan that has material consideration. The PC has an obligation in law to deliver the Plan.

It was **RESOLVED** to ask HC to appoint Ann Skippers as external examiner for the EGPC Neighbourhood Plan
